## Employment

*Liven Electromechanical (Bazhou) Co., Ltd.* — Intern, Data Analysis & Quality Monitoring 06/2025–08/2025

Conducted data analysis and quality monitoring on the household appliance motor production line (blenders, juicers, meat grinders), focusing on stability and energy efficiency.

Collected and organized equipment efficiency, energy consumption, and quality inspection data; applied time-series forecasting to predict maintenance cycles and reduce unexpected downtime.

Performed variance analysis and correlation tests to identify key quality drivers; delivered visualized insights to R&D and quality inspection teams to improve production yield.

Strengthened cross-departmental communication by translating statistical findings into actionable recommendations for engineers and management.

*Bazhou Jinmao Painting Tools Co., Ltd.* — Intern, Data Analysis 12/2024–01/2025

Organized and analyzed production and sales data for painting tools and small household appliances.

Applied statistical modeling to compare sales trends across product categories; integrated inventory and supply-chain data to identify procurement–turnover mismatches and reduce inventory backlog.

Utilized regression analysis and data visualization tools (R, Python) to present actionable insights to production and sales teams.
